

MEETING NOTICE

Subject:- Implementation of grid connected solar water pumping programme.

Kindly refer to the subject cited above.

In this regard it is informed that the Govt. of Haryana intends to replace all existing electric operated tubewell installed in the State with grid connected solar water pumping systems in PPP mode. Under this proposed/draft PPP model, the state will pay some initial cost to the selected project developers and the project developers may be selected through a bidding process, wherein they would be asked to quote the period for which they will require to recover their cost for project development.

In order to discuss various technical and financial models for these grid connected solar water pumps, a meeting under the Chairmanship of Chairman, HAREDA is scheduled to be held on **14.06.2018 at 11:30 AM** in the conference room of **Akshay Urja Bhawan, Sector-17, Panchkula** with various stake holders like solar water pumping system manufacturer/ project developers etc. This department also intends to assess the manufacturing/installation/financial capabilities of various firms in the country to decide time frame for replacement of existing electric operated tubewell with solar water pumping systems.

Accordingly, you are requested to make it convenient to attend the said meeting as per the schedule given above along with relevant information for taking further action in this regard. Further, if you wish to give a presentation on the technical/ financial models of such grid connected solar pumps in PPP mode, then please inform well in advance at ajitpo.hareda@gmail.com, so that necessary arrangements can be made.
